1. OVERVIEW:

1.1. **SCOPE AND BACKGROUND:** Through this Request for Proposal (RFP) the Department of Mental Health (DMH, hereinafter the “State”) is seeking to establish a contract with an entity that can develop and provide mental health residential treatment services. The State is seeking proposals for a two bed, staff secure residential treatment program for adults who qualify for, or are currently enrolled in, a Community Rehabilitation and Treatment Program and require a structured and supervised community-based treatment program upon discharge from an inpatient psychiatric hospitalization or the DMH operated secure psychiatric residential program. The intention is to provide services to no more than two individuals who:

- are currently under the care and custody of the DMH Commissioner and require ongoing treatment for their mental illnesses.
- may have legal charges that have resulted in a finding of incompetency or insanity.
- stipulate to participate in a community-based residential treatment program as a “least restrictive setting” to inpatient hospitalization or a secure residential program.

1.1.1. **RFP OBJECTIVE:** The purpose of the RFP is to solicit proposals from entities to develop and operate a two bed (two single-occupancy resident rooms), staff secure residential treatment program for adults who qualify for, or are currently enrolled in, a Community Rehabilitation and Treatment Program and require a structured and supervised community-based treatment program upon discharge from an inpatient psychiatric hospitalization or the DMH operated secure psychiatric residential program.

1.1.2. **DESCRIPTION OF ORGANIZATION:** The Vermont Agency of Human Services (AHS) strives to improve the health and well-being of Vermonters today and tomorrow and to protect those among us who are unable to protect themselves. The scope of AHS is profound. Through its six departments, twelve district offices, and a network of community partners and providers, it is responsible for the implementation and delivery of all human service programs within the state. Each department has a distinct area of focus and responsibility and contributes to the creation and sustenance of an entire system of human service supports.

The Department of Mental Health (DMH) resides under AHS and has the same critical mission in mind: to improve the conditions and well-being of Vermonters and protect those who cannot protect themselves. DMH continues to focus on its vision for self-determination, empowerment, recovery, and resiliency. This means being responsive to the needs of Vermonters and their families, as well as continuing to challenge ourselves to try to change society’s culture, philosophy, and values, while working to fully embrace the concepts of recovery and resiliency. By improving our effectiveness and coordination of programs and services around the State, we will help Vermonters meet their needs.

1.2. **CONTRACT PERIOD:** Contracts arising from this RFP will be for a period of twelve months with an option to renew for up to two additional two-year periods. The State anticipates the start date for such contract(s) will be September 1, 2024, or sooner if possible.

- 1.3. **SINGLE POINT OF CONTACT:** All communications concerning this RFP are to be addressed in writing to the State Contact listed on the front page of this RFP. Actual or attempted contact with any other individual from the State concerning this RFP is strictly prohibited and may result in disqualification.
- 1.4. **BIDDERS' CONFERENCE:** A bidders' conference will not be held.
- 1.5. **QUESTION AND ANSWER PERIOD:** Any bidder requiring clarification of any section of this RFP or wishing to comment on any requirement of the RFP must submit specific questions in writing no later than the deadline for question submission indicated on the first page of this RFP. Questions may be e-mailed to the point of contact on the front page of this RFP. Questions or comments not raised in writing on or before the last day of the question period are thereafter waived. At the close of the question period a copy of all questions or comments and the State's responses will be posted on the State's web site <http://www.bgs.state.vt.us/pca/bids/bids.php>. Every effort will be made to post this information as soon as possible after the question period ends, contingent on the number and complexity of the questions.
- 1.6. **CHANGES TO THIS RFP:** Any modifications to this RFP will be made in writing by the State through the issuance of an Addendum to this RFP and posted online at <http://www.bgs.state.vt.us/pca/bids/bids.php>. Modifications from any other source are not to be considered.
- 1.7. **SOURCE OF FUNDS:** The Department anticipates using Federal funds for the resulting contract(s). The Department may choose to modify the source of funding contingent upon the availability of funds at the time of award. Any selected Vendor will be subject to the federal funding requirements in the Catalog of Federal Domestic Assistance (CFDA) # 93.778, U.S. Department of Health and Human Services, Centers for Medicare and Medicaid.

Socioeconomic affirmative steps under 2 C.F.R. § 200.321: If using applicable federal funds Socioeconomic affirmative steps under [2 C.F.R. § 200.321](#) affirmative steps must include at least the following six steps:

1. Placing qualified small, historically marginalized group, and women's business enterprises on solicitation lists;
2. Assuring that small, historically marginalized group, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small, historically marginalized group, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small, historically marginalized group, and women's business enterprises;
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and

6. Requiring the prime/general contractor, if subcontracts are to be let, to take the same affirmative steps as listed in numbers 1 through 5.

If a bidder requires assistance in preparing their proposal, registering with SAM.gov, or needs guidance on socioeconomic certifications, the bidder may contact the Agency of Commerce and Community Development (ACCD), Department of Economic Development (DED), APEX Accelerator (formerly the Procurement Technical Assistance Center [PTAC]). The Vermont APEX Accelerator specializes in helping small businesses navigate the documentation associated with State and Federal procurement. There is no cost to the Contractor for assistance provided by APEX Accelerator. Their website is: <https://accd.vermont.gov/economic-development/programs/ptac>.

2. DETAILED REQUIREMENTS/DESIRED OUTCOMES:

2.1 The State of Vermont is interested in obtaining bids to meet the following business needs:

- developing and operating a staff-secure residential treatment program;
- providing trauma-informed, culturally responsive, strengths-based mental health treatment to target the specific needs of two residents with complex psychiatric needs;
- providing treatment for individuals who may have histories of engaging in violent behavior, behaviors that have made living in less restrictive settings unsuccessful, and historical medication non-adherence outside of hospital settings;
- providing coaching around development of independent living skills to support successful discharge to a less restrictive and structured setting; and
- working with individuals to support the goals of rehabilitation and community engagement.

This new service capacity may be developed through new program development, or modifications of existing community-based program capacity intended to meet the needs of this targeted cohort. The new program will identify a rehabilitation and treatment model that most appropriately addresses an environment of care and programmatic/oversight management for this specific treatment cohort. Proposed program staffing must identify the clinical and treatment personnel needed to implement the program. Training components for all personnel must include trauma-informed service delivery, engagement and motivational interviewing, de-escalation strategies, emergency response, and safety interventions. Program staff must have regular access to qualified clinical personnel for treatment plan development, individualized behavior programming, and oversight of service model delivery.

DMH will initiate referrals to this new staff-secure residential program. Individuals referred will be nearing discharge from psychiatric inpatient units or the DMH-operated secure psychiatric residential program and will have been identified to be at risk for re-hospitalization without structured mental health treatment services. Their treatment programming and oversight needs will have been identified to exceed lower levels of support and supervision available in community-based residential treatment models. A history of violent behavior, complexity of psychiatric need, or length of hospitalization

would not be a sufficient criterion, either individually or collectively, for denial of program referral or admission. Program characteristics would also include the capacity to maintain a safe, staff secure environment. Staff would be trained to work with the cohort of characteristics identified within this request for proposal. Providers proposing to serve this cohort must be prepared to therapeutically engage with individuals who are at risk of exhibiting brief episodes of assaultive or self-injurious behavior or behavioral dysregulation within this program.

3. GENERAL REQUIREMENTS:

- 3.1. **Certificate of Need (CON) and Certificate of Approval (COA) Processes:** Depending on the entity that is the successful bidder, this project may require a COA or a CON. The COA process is managed by DMH and only applies to Designated Agencies and Specialized Services Agencies, while the CON applies to all other healthcare providers and is managed by the Green Mountain Care Board (GMCB).
 - 3.1.1. Bidder should include whether they believe their proposal will warrant a COA or CON in order to be able to operate their proposed program based on COA/CON criteria.
 - 3.1.2. If a COA is required, then the bidder's proposal can be considered as your letter of intent. All COA application materials and financial tables can be submitted along with the proposals. If not, they will be requested by the Department in order to proceed with contracting.
 - 3.1.3. If a CON is required, this is an entirely separate process that must be followed as outlined by the GMBC. This should be acknowledged in your proposal and the letter of intent can be attached to your proposal or linked to the GMCB site.
- 3.2. **PRICING:** Bidders must price the terms of this solicitation at their best pricing. Any and all costs that Bidder wishes the State to consider must be submitted for consideration. If applicable, all equipment pricing is to include Free On Board (FOB) delivery to the ordering facility. No request for extra delivery cost will be honored. All equipment shall be delivered assembled, serviced, and ready for immediate use, unless otherwise requested by the State.
 - 3.2.1. Prices and rates shall remain firm for the initial term of the contract. The pricing policy submitted by Bidder must (i) be clearly structured, accountable, and auditable and (ii) cover the full spectrum of materials and services required.
 - 3.2.2. **Cooperative Agreements.** Bidders that have been awarded similar contracts through a competitive bidding process with another state or cooperative are welcome to submit the pricing in response to this solicitation.
- 3.3. **STATEMENT OF RIGHTS:** The State shall have the authority to evaluate Responses and select the Bidder(s) as may be determined to be in the best interest of the State and consistent with the goals and performance requirements outlined in this RFP. The State of Vermont reserves the right to obtain clarification or additional information necessary to properly evaluate a proposal. Failure of bidder to respond to a request for additional information or clarification could result in rejection of that bidder's proposal. To secure a project that is deemed to be in the best interest of the State, the State reserves the right to accept or reject any and all bids, in whole or in part, with or without cause, and to waive technicalities in submissions. The State also reserves the right to make purchases outside of the awarded contracts where it is deemed in the best interest of the State.

3.3.1. **Best and Final Offer (BAFO).** At any time after submission of Responses and prior to the final selection of Bidder(s) for Contract negotiation or execution, the State may invite Bidder(s) to provide a BAFO. The state reserves the right to request BAFOs from only those Bidders that meet the minimum qualification requirements and/or have not been eliminated from consideration during the evaluation process.

3.3.2. **Presentation.** An in-person or virtual meeting with Bidders may be requested by the State if it will help the State's evaluation process. The State will factor information presented during meetings with Bidders into the evaluation.

The State is requiring information on any violations that occurred in the previous 12 months.

3.4.2. Subcontractor Reporting: For bid amounts exceeding \$250,000.00, Bidders are hereby notified that upon award of contract, and prior to contract execution, the State shall be provided with a list of all proposed subcontractors and subcontractors' subcontractors, together with the identity of those subcontractors' workers compensation insurance providers, and additional required or requested information, as applicable, in accordance with Section 32 of The Vermont Recovery and Reinvestment Act of 2009 (Act No. 54). This requirement does not apply to subcontractors providing supplies only and no labor to the overall contract or project. This list MUST be updated and provided to the State as additional subcontractors are hired. A sample form is available online at <http://bgs.vermont.gov/purchasing-contracting/forms>. **The subcontractor reporting form is not required to be submitted with the bid response.**

All products provided by the contractor must meet all federal, state, and local standards for quality and safety requirements. Products not meeting these standards will be deemed unacceptable and returned to the contractor for credit at no charge to the State.

4. **CONTENT AND FORMAT OF RESPONSES:** The content and format requirements listed below are the minimum requirements for State evaluation. These requirements are not intended to limit the content of a Bidder's proposal. Bidders may include additional information or offer alternative solutions for the State's consideration. However, the State discourages overly lengthy and costly proposals, and Bidders are advised to include only such information in their response as may be relevant to the requirements of this RFP.

Your cover letter must also include a written explanation **for each marked section** explaining why such material should be considered exempt from public disclosure in the event of a public records request, pursuant to 1 V.S.A. § 317(c), including the prospective harm to the competitive position of the bidder if the identified material were to be released. Additionally, you must include a redacted copy of your response for portions that are

considered proprietary and confidential. Redactions must be limited so that the reviewer may understand the nature of the information being withheld. It is typically inappropriate to redact entire pages, or to redact the titles/captions of tables and figures. Under no circumstances may your entire response be marked confidential, and the State reserves the right to disqualify responses so marked.

4.2.3. **Exceptions to Contract Terms and Conditions:** If a Bidder wishes to propose an exception to any terms and conditions set forth in the Standard Contract Form and its attachments, such exceptions must be included in the cover letter to the RFP response. Failure to note exceptions when responding to the RFP will be deemed to be acceptance of the State contract terms and conditions. If exceptions are not noted in the response to this RFP but raised during contract negotiations, the State reserves the right to cancel the negotiation if deemed to be in the best interests of the State. Note that exceptions to contract terms may cause rejection of the proposal.
